

GBB Re-Certification Training - April 2008

The Grip/Birkman Blueprint Taste and See

One day event sampler

A primer for introducing the *Grip/Birkman Blueprint (GBB)* resource and its usages for building teams, training leaders, or training coaches to utilize *GBB*.

The *Grip/Birkman Blueprint* is a tool that can have tremendous impact for coaching individuals and couples, training teams, or re-engineering the way an organization trains its leaders and builds its teams. This re-certification training is designed to train *GBB* coaches and trainers to introduce the *GBB* in a one-day format that gives a flavor of the value of the tool in three areas of likely usage.

- Helping pastors and/or missionaries make a more serious estimate of who they are in Christ and to become more intentional stewards of such (for couples as well)
- Building deeper, ongoing unity on a ministry team at any level, and also to enable more effective stewardship of ministry roles overall on the team
- Assisting organizations in providing a comprehensive means to do both of the above in an strategic, long-term way

Various topics which will be introduced include, hopefully with video clip options available:

- The cultural values that have enabled disunity and individualism to be standard values in the West
- The ministry of sober estimation for individuals, teams and organizations
- Moving from I to WE
- Discerning God's vision while being built together
- Nehemiah as Steward of the Walls

Assessing tool to be used:

- Base Level *Grip/Birkman Blueprint*
- *Discovering Your Ministry Identity* -- the "Poor Man's *Grip/Birkman Blueprint*"

The master for this new One Day Sampler will appear on the *GBB Coaches Website* on May 1, 2008, following this re-certification training.
